

Become an Envirothon Sponsor Today!

The Envirothon is a community-based program, and it is made possible with support from local organizations and businesses. Each year, local organizations and businesses have kindly donated money or goods, which directly benefit the students who participate. We greatly appreciate all our sponsors!

Are you interested in becoming an Envirothon sponsor? A donation will be recognized the following ways:

- All sponsors are recognized at the Envirothon, both verbally and by poster.
- All sponsors are listed in an issue of the District's quarterly newsletter, *The Watershed*.
- All sponsors are reported in the District's Annual Report.
- Businesses or organizations that contribute \$200 and above will have their name printed on the Envirothon T-shirts distributed to students and natural resource personnel attending the event.

Please contact Kara Bates to become an Envirothon sponsor today!
